

# Intake Counsellor

## Casual

**“Leaders of primary health to diverse communities through partnership and innovation”**

The Western Region Health Centre provides a range of health and community support services and are committed to innovation and quality in all we do.

Counselling and Support Services comprises Counselling (Community Health and Family Violence counselling) and the Victims Assistance and Counselling Program. These programs are supported by the Counselling and Support Intake Team, which provides an intake and assessment service for a range of clients from across the western region.

The Intake Counsellor will participate in a counselling/case management intake and assessment service for counselling clients and victims of violent crime.

The successful applicant will have a tertiary qualification and a minimum of two years in an intake system or related area in the social work field.

If you have the relevant qualifications and experience, value team work are committed to better outcomes for marginalised communities we would like to hear from you.
