Community Mental Health Worker - PARC

Part Time - 29 - 37 hours per week
(including some weekend work)

"Leaders of primary health to diverse communities through partnership and innovation"

The Western Region Health Centre provides a range of health and community support services and are committed to innovation and quality in all we do.

The Prevention & Recovery Care Service (PARC) is an initiative jointly managed by Western Region Health Centre (WRHC) and our clinical partners, opened in June 2009. PARC provides recovery-focused service provision in a short-term, 24-hour residential environment to clients. PARC aims to support clients to develop self-management strategies and skills and to prevent hospital admissions and supports clients post hospital-stay.

We are seeking a key worker to join our PARC team. The position will be ideal for a recovery-focused, highly-motivated professional with experience in the mental health sector. Experience in the design and facilitation of evidence-based group programs would be highly desirable.

This is an exciting opportunity to join Western Region Health Centre's innovative mental health program.

Wages and Conditions: SACS Award. Social Worker Class 2 with additional allowances for after hours and weekend work plus eligibility for 5 weeks annual leave (pro rata). Attractive salary packaging is available.
